REPORT ON THE DISTRIBUTION OF DEWORMING TABLETS

On 10.02.2025 NSS Committee of GPTC, Vanavasi and Primary Health Centre, Nangavalli, took an initiative on distribution of deworming tablets to all the students. This initiative was aimed at improving the health and well-being of students by preventing parasite worm infections.

Our Principal Mr. N. JAGADEESAN emphasized the medical importance of consuming the deworming tablets (ALBENDAZOLE 400mg) and started the distribution of it to the students. The instructions given to students were that it should be taken after lunch. Around 800 students received deworming tablet. The students will get benefitted by the intervention of the deworming tablets.

The deworming initiative by the GPTC, Vanavasi and Primary Health Centre, Nangavalli successfully created the awareness about deworming and hygiene practices among the students.
